

Certificate of Food Safety for BRAUNS-HEITMANN Food Colors Dyes for Easter Egg Shells Decoration

We hereby confirm that the Food Color dyes we manufacture for Egg Shell Coloring are produced in conformity with the German Act on Food and Goods in Daily Use and the relevant EU regulations.

We also confirm that the egg dyes consist only of ingredients permitted for use in products intended for dyeing eggs in accordance with the aforementioned legislation.

The individual ingredients of the egg dyes are declared in full on the packaging in compliance with the aforementioned laws and the associated regulations.

Warburg, dated April 04th, 2013
